

"Love it! This is a lifesaver. You can't be there all of the time to watch your loved one and make sure they are getting the right medications on time...More importantly it notifies you when medicines are or aren't taken so you can respond quickly if needed. Great product!"

SUSAN B.

KEY BENEFITS

EFFORTLESS MEDICATION TRACKING

All that is required is a simple scan of the medication container over the PillDrill Hub to register a dose.

SYMPTOMS AND MOOD TRACKING

Keeps caregivers updated on their loved one's well-being. Users can log symptoms in the app or online and use the Mood Cube to reflect how they're feeling at any moment.

ACTIVITIES OF DAILY LIVING

PillDrill goes beyond medication tracking! With the Scanning Tags, you can setup not only medication tracking, but also tasks used to track Activities of Daily Living such as bathing, hygiene, and so much more!

PILLDRILL IS PERFECT FOR...

Providing independence for users or loved ones, especially those managing medication routines or complex medication schedules. It helps ensure that they stay on track with their medications, manage more of their own care, and stay organized.

With real-time tracking and notifications, families are kept informed about medication adherence, reducing worries about missed doses, and reassurance their loved ones are managing their medications effectively.

PRICING & AVAILABILITY

The PillDrill Kit is now available to purchase at a special launch price of \$199 from www.pilldrill.com.

Each kit includes the PillDrill Hub, 12 scanning tags, three tag holders, two pill strips (AM/PM), and the Mood Cube.

Free shipping.
No subscription fees.
HSA/FSA and Medicare eligible!

SMART MEDICATION TRACKING

*Independence for them,
peace of mind for you*

What is PiIDrill?

An easy-to-use medication tracking system that reminds you when pills are due, tracks that you've taken them, and instantly notifies loved ones.

FEATURES

PiIDrill has four key features:

COMPONENTS

THE PILLDRILL HUB

The central device issues audio-visual alerts for medication doses and registers them as taken with a simple swipe.

MOOD CUBE

Tracks wellness with five faces; scanning communicates mood instantly.

SCANNING TAGS

Attach to medication containers for easy scanning; each kit includes 12 tags.

PILL STRIP

A weekly pill organizer with removable pods, each with a built-in sensor for scanning.

TAG HOLDERS

To attach scanning tags on irregularly shaped meds or task cards.
